IBAN: ES8700490852512510010491 SWITCH: BSCHEMM ACCOUNT HOLDER: Universitat de Valencia

As announced in the 1st circular, we would like to stress that the conference will be developed as an in-person meeting, so we encourage you to participate in this format. Notwithstanding, we are aware of the current sanitary situation (continuously changing and specific for each country), and the consequences that this is has regarding the celebration of such kind of events. Thus, the organizing committee have decided to offer also a virtual version, where participants that choose that option, will be able to both follow the event and present their communications online.

We are looking forward to seeing you in Valencia!

Visit the website for more information, registration, fees and field trip.
